## BECKY FULLER

Becky Fuller has over 15 years of vocal experience and is the mother of four young children. Her love of singing and of children have been the hallmark of her interest in Kindermusik. She attended Kindermusik classes with her children and loved it so much she decided to become a Kindermusik educator. She enjoys using music to aid in the development of all children.

PRESCHOOL

Kindermusik provides the best musical experience for young children and their families in the greater Concord area.

Through music and fun age-appropriate activities, this developmental program brings parents and children closer together in a creative and exciting atmosphere. Not only are Kindermusik experiences valuable for a child's musical development, but they also enhance the physical, emotional, cognitive, language, and social development.

Research has shown that early integration of music into a child's daily routine will improve his ability to think, create, reason, and express himself. This is best achieved through active participation in musical activities.
