LEAP 
PRESCHOOL

LEAP PRESCHOOL'S PHILOSOPHY

All children are loved and cared for in a positively reinforced learning environment that promotes exploration and interaction. Social skills, emotional growth, cognitive reasoning, physical development, creative processes and spiritual growth are critical components of our curriculum. We offer opportunities for children to grow and prepare for kindergarten and lifelong learning.

About us...

At Leap Preschool we strive to provide children with:

- An atmosphere of love, encouragement, and acceptance
- Developmentally appropriate gross and fine motor activities
- Experiences to promote imagination
- Exposure to a plethora of reading material: fiction, nonfiction, poetry
- Themes that stir enthusiasm through the use of varied mediums (paint, play dough, movement, drama, music, and much more)
- Creative hands-on activities which foster cooperative play and respect for individual learning styles
- A positive foundation for learning
- Reading readiness skills
- Tools for mathematical thinking
- A personal sense of responsibility and encouragement to be all God wants them to be

Children come into our program brimming with excitement and can't wait to come back!

Hands-on activities help children explore their environment and enhance learning.
